Letter of Reference

Dear Bernd,

The City of Bonn enables European internships and study programs for its learners and VET-staff within its vocational training projects "Nice to work with you!" and "EurOpen". Both projects are funded by Erasmus+.

Within "Nice to work with you!" individual internships are being organized, whereas "EurOpen" opens the doors of the city halls for group visits dealing with issues being relevant for city administrations (inclusion, VET, early childhood education).

Eurocultura is well networked in Venetia and has contact to the city administration of Vicenza and all other relevant institutions for conducting stays abroad in Vicenza. Internships are quickly arranged and a specialist program for groups is competently elaborated. Because of Vicenza geographic location, both Venice and Verona are easy to reach and visits (not only for sightseeing but also official ones) are possible without a problem. Also a social program can be booked if required. Convenient: By conveying host families, Eurocultura offers the opportunity to have a fully-organized stay abroad in the city of Palladio.

Therefore, Eurocultura is a very qualified project partner for the Erasmus+ programs of Bonn's city administration. In the past, all internships and programs have been conducted to our full satisfaction.

Seite 2

In 2017, employees of the City of Bonn working in the field of inclusion took part in a "EurOpen" program for inclusion. They visited amongst others kindergardens, a homeless shelter and other social facilities. Also seminars with local experts have been part of the program as well as an individual "Job-Shadowing" for each participant in the city administration. Needless to say that there has been enough time for professional discussions.

Moreover, two European interns have already done their apprenticeship in Vicenza. Both have been very pleased with Eurocultura's organization.

The City of Bonn would like to thank at this point for the previously very good cooperation and looks forward to continuing this successful cooperation with Eurocultura.

With the best regards

Hans Jürgen Hartmann
Head of the Fundraising Department
