Dear colleagues,

new year is the right time for good intentions and to schedule the new agenda: let's save the date for Italy!

Eurocultura works in Vicenza, nearby Venice and Verona, as **hosting organization**, both **for learners and staff**:

- for almost 20 years we have been organizing successful traineeship programs in the framework of European initiatives such as LLP, ESF and now Erasmus+. Each year we welcome **more than 250 trainees** from all over Europe www.learningmobility.it
- since 2010 we have been organizing training courses in specific professional sectors for yearly **around 150 VET-experts** from Europe <http://studyvisit.eurocultura.it>

If you want to add Italy as destination for your trainees, or if you want to organize a course for your staff come and visit us!
